

Presidents' Message

Joan and I have been very fortunate to be co-presidents of the Bellaggio Cancer Research Chapter of the Pap Corp, Champions for Cancer Research. Each month we are invited to attend, along with the other 56 chapters, the President's Breakfast meeting held at Boca West Country Club. We are asked to bring along three other members of our own Board each month, and it is an honor to do so. At these meetings, we are encouraged to share our information and ideas with all the other chapters which then affords us many fresh ideas for our own future fundraising events.

Most importantly, at each President's meeting, a doctor from the University of Miami/Sylvester Comprehensive Cancer Research Center is invited to talk to the several hundred people in attendance about breakthroughs in the treatment and new medications for many diseases as well as the current research being done at Sylvester. At our inaugural meeting in October the speaker was Dr. Mark Pegram, a Professor of Medicine and Associate Director for Clinical Research at Sylvester. He is the Acting Chief of the Division Hematology/Oncology as well as Director for Clinical and Translational Research at the Braham Family Breast Cancer Institute at the UMI/Miller School of Medicine.

Dr. Pegram emphasized the importance of working with the current leadership of the Braham Breast Cancer Institute at Sylvester to integrate the efforts of basic scientists with those of clinicians to bring the Institute's scientific discoveries to clinical application as soon as possible. In his current position, Dr. Pegram is able to help bridge the gap from science to clinical.

Because of our donations to the Pap Corp some of the following has been accomplished:

1. Genomic Research - extracting the DNA from the cancer and sequencing the genome.
2. Banking Cancer Specimens - because of the Pap Bank, 450 breast tumors are frozen in liquid nitrogen for study.
3. New Therapeutic Technologies - we are using antibodies made by our own immune systems to treat cancer. They are REDIRECTED to attack breast cancer. If detected early, breast cancer survival has increased to 90%. We are also using the antibodies as a chemotherapeutic poison to target specific cancer cells.
4. Antibodies are being used *to replace chemotherapy* currently in many clinical trials.
5. Clinical Trials have started 6-8 weeks ago. They are run by the University of Miami faculty and are used in clinics around Dade, Broward and Palm Beach counties.

NONE OF THIS WOULD HAPPEN WITHOUT YOU, OUR PAP CORP MEMBERS.

Thank you all for your continued support.

AD JOURNAL FOR CELEBRATION OF LIFE

On Sunday, March 11th, Bellaggio Cancer Research will be hosting a Celebration of Life event. This day is the most heavily attended function of our season. We join together with many Bellaggians to celebrate those who have successfully fought cancer, as well as to remember those whose lives have been taken by this dreaded disease.

This year, we have chosen to compose an Ad Journal to complement the fund raising efforts of the day. We undertake this task on behalf of the University of Miami Sylvester Comprehensive Cancer Center whose research has been instrumental in finding cures and treatments to one day, perhaps in the lifetime of our children, completely do away with cancer.

The challenge to acquire ads for this undertaking is a difficult one. Our core group of solicitors cannot do it alone. We will need cooperation from all of our members to solicit ads from the businesses, doctors, automobile agencies, financial advisors, attorneys, restaurants and others that you frequent. I have copies of the letter of introduction to our cause as well as the ad forms. They are also available on our website, www.bellpap.org/events In addition, you may take out a "personal ad" with pictures of your children and grandchildren or as a memorial for friends and relatives no longer with us. The cost is \$100.00 for a full page color ad. You may supply an ad of your own or supply us with photos so that we may produce your ad for you.

If you would like the letter of introduction and ad form, please contact me at 964-1859 or email at mickeycardman@aol.com. Please carry them with you when you visit a favorite restaurant or retail establishment. You will be pleasantly surprised at how many of them will be happy to assist us in this great cause.

I encourage everybody to please get involved in making this journal a **huge** success! We welcome our new members and new residents to get directly involved in our quest to fight cancer through our chapter of the Pap Corps.

My sincere thanks for your help,
Mickey Newman, Ad Journal Chairman

Pap Corps White Elephant Sale

Sunday, October 30th, 2011 was a great day for the Pap Corps. Bellaggio, along with many other Pap chapters had tables at this first Pap White Elephant Sale at the Civic Center in Delray Beach.

It was a huge undertaking and we thank all our Bellaggio neighbors who so generously donated merchandise, those who gave of themselves by loading and unloading their cars filled to the brim with the goodies, and to those of you who volunteered your time and worked the sale.

What a day it was! Various booths bunched together, placing our merchandise on small 6 foot tables (thanks Vicki and Alan for your merchandising skills) pushing and pulling cartons so as not to block the small aisles and yet have room to show our treasures.

Scheduled to open to the public at 10:00 am, the room was packed by 8:45. Shoppers arrived in droves to look for bargains and shop they did. After haggling over prices, negotiations reached mutually agreeable sales. It was a lot of work, but also a lot of fun.

To top the day off, our chapter raised over a thousand dollars for Cancer Research. The combined chapters raised a total of about \$20,000.

Trick or Treat

On Monday evening, October 31, 2011, the Bellaggio Cancer Research Chapter held its annual "Trick or Treat" fundraiser.

It was a very rainy day, but that did not stop our loyal cadre from going door to door! The rain finally stopped and we were able to collect well over \$6,800 in just a few hours, and surpassed last year's grand total!

We want to thank all of our Pod Captains, walkers, and all those involved who kept a positive attitude, umbrellas and all, to make this fundraiser so successful.

A very special thanks to all the residents for their donations and kind generosity.

See you next year!

VOLUNTEERS – WE NEED YOU!!

The Bellaggio Cancer Research Chapter is an active and vibrant fund-raising organization with well over 500 members. Since it's founding in 2002, we have succeeded in raising close to \$760,000 for the Sylvester Comprehensive Cancer Research Center of the University of Miami.

All of us have been affected by the scourge of this insidious disease. It has become a fact of life for many of us, our friends or our families. Through the research we have helped fund, we may be taking a part in securing a cure in the not-so-distant future.

You can help make this happen by taking an active role as a volunteer in our chapter. As a volunteer you will be sharing your energy, participation, ideas and individual talents to help advance that cure.

Please contact Jo Sprechman, Volunteer Chairwoman at jsprechman@msn.com or 968-0916 to let us know you want to be involved.

TRIBUTE CARDS

Want to make a special occasion more memorable? Send a tribute card personally calligraphed!

Cards are available for all occasions. Birthdays, Anniversaries, Bar and Bat Mitzvahs, New Babies, Weddings, Congratulations, Get Well, and of course Condolences. Our cards are even more beautiful when your inscription and envelope are done in calligraphy as if done by the card company. All cards are tax deductible and offer full donor credit.

HARD ROCK CAFÉ **A ROCKIN GOOD TIME WAS HAD BY ALL!**

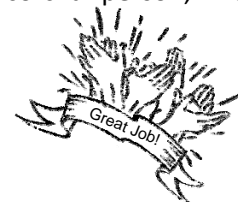

On November 7th, two bus loads of Bellaggians left the clubhouse parking lot on our way to the Hard Rock Casino. We arrived at the Casino at 10 AM, received our vouchers and the GAMES BEGAN!

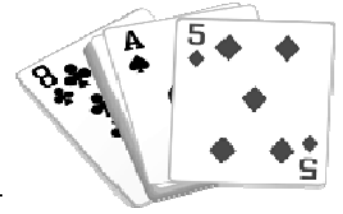

Many of us met for lunch and dined poolside at just one of their three restaurants and then returned for an afternoon of gambling. We played live Black Jack and lots of Slot Machines.

Shh. Don't Tell the I.R.S. but some of our members won substantial cash! And....the rest of had lots of fun. Also, of course, some of us shopped. The real winner, however was PAP, we earned almost \$1,300.

A special thanks to my co-chairperson, Arlene Lee.

Member Appreciation Luncheon

What a LALAPALOOZA of an Afternoon!

On November 14th, 307 of our fabulous members came for a meeting, lunch and a show. It was a dazzling event! The ballroom was spectacular with bright and cheerful tables! Everything was lovely.

Thank you to our very talented and creative Robin Levine for the PAP logo centerpieces, and to Janice Katz for our calligraphic place cards. A special thank you also goes to Lynn Lee and Cheryl Shapiro, our efficient and hardworking hospitality committee, for the delicious food and desserts. Thank you, Diane Nadelson, for your wonderful singing of a special song written by Shelley Hallerman, and finally, a big thank you to our incredible entertainer, Missy McArdle.

Missy thanked all of us for furthering the work of cancer research thru all of our efforts. She told us she was especially appreciative because she is a breast cancer survivor.

This kind of wonderful event doesn't just happen without the willing help of many people. Our heartfelt thanks to all the women who helped set up, check in, usher, clean up and inspire us. The donation of your time and efforts made all the jobs so much easier.

Sincere thanks,
Lynn Kanter and Linda Newman
